

### Level Increase English

English group training is an ideal way to take your English to a higher level.

In this interactive and communicative course, the focus is primarily on speaking, grammar, and vocabulary. In addition, you work specifically with your trainer and your group on the reading, writing, and listening skills that you want to improve further. As well as the course material, there is an extensive range of challenging online exercises and an accessible app. In short, a group course with scope for individual requirements.

- ✓ Lessons are held once a week, in the **evening**
- ✓ **Small groups** - a maximum of 9 students
- ✓ Close attention to the **individual** student
- ✓ **Interactive** and **communicative** lessons
- ✓ Lots of extra online teaching materials and a **mobile app**

### Conversation Course English

In conversation training, you can learn to **speak better** English in a short timeframe. Over 8 weeks, you work specifically on better proficiency and more **self-confidence**. In regular training, attention is divided between speaking, listening, reading, and writing. Conversation training focuses on speaking skills, which can make a big difference in **daily life**. Our trainers are native speakers who help you to really understand a language. Learn to listen better and speak more **fluently**, so that you can handle any conversation with self-assurance.

Are you interested in a **level increase** or a **conversation course at B1/B2**? View our full offer here.

### Language Boost Business English

Would you like to work on or acquire some specific skills in a short time frame? Would you really like to impress prospective employers with your CV and LinkedIn profile? Perhaps you're not content with the way you write emails and want to have more impact with your words in presentations. Do you want to speak English to international colleagues and customers with greater self-belief? Then [enrol](#) on our '**Language Boost Business English**' language course!

### Language Coaching Business

The Dutch often already have a good command of foreign languages, such as English, German or French, but when it comes to speaking or writing in more complex situations, it becomes more difficult. As a Dutch person, do you want to impress your foreign trade partners? Then get to know our offer "**Language Coaching Business**" in English. This course focuses on the specific wishes of the participant. Is it about presenting, reporting, calling, negotiating, handling complaints, chairing or 'social talk'? Your trainer is always a native speaker, together with him or her you set up a personal coaching trajectory to realize your goals. Interested? [Enrol](#) for our Language Coaching Business course.

### e-Coaching: Professional, individual language support

You have taken training or a workshop to refine your skills in a particular area. Still, you need some more structural feedback. Then get to know our **individual language training "e-Coaching"** for English. The objective of this language training is to improve your objective: this can be a subject that has to do with writing, speaking, reading or listening skills. The goal that has been set is achieved by the targeted feedback on your topic. Interested? [Enrol](#) for our e-Coaching course.
